Moorhead Recreation Center Renovation – Pinkard Construction

The recently completed Moorhead Recreation Center in Aurora, Colorado shared top honors in this category with the 2nd place Excellence in Construction Award. BRS collaborated with Pinkard Construction and the City of Aurora to transform the 30-year old Moorhead Recreation Center into a facility that promotes health and wellness, provides a safe place for students after school, and offers the community a place to gather and connect.

Top Ten U.S. Art Hotels

The Curtis, Denver

At [The Curtis](#), a Doubletree by Hilton in [Denver](#), the idea is to showcase art as fun. Guests are treated to a visual feast of color and pop art throughout the lobby, halls and themed guest rooms. Pick the theme of your room floor, from the likes of TV Mania, Sci-Fi, One Hit Wonders or Perfect Pair. Out front, gaze at a 42-foot high sculpture of steel blocks in vibrant colors that spell out "All Together Now." We dare you to check out of The Curtis without a smile on your face.
